MEETING PLACES SET FOR SCOUT ASSEMBLY

A demonstration of the numerical and physical strength of scouting in the southern division of the county council will be given here tomorrow at 3 p.m. when a general mobilization is held on the Redwood City courthouse lawn.

Places where the scouts will assemble have been announced by Field Executive J. Franklin Reid. The youths will march through the streets of Redwood City, then assemble in front of the county building to hear an address by Mayor Paul McCarthy of Redwood City.

Reid said very mysteriously that following the address there would be a "surprise" in store for each scout present.

The various troops were assigned the following meeting places:

Main and Middlefield road, troop 162 (Redwood City).

Jefferson avenue and El Camino Real, troops 158 (Pescadero), 159 (Woodside), 107 (Menlo Park) and 163 (Atherton).

Broadway and Brewster, troops 103 (Redwood City) and 153 (San Carlos).

Scout Hall, troop 143 (Redwood City).

Broadway and Duane, troop 130 (Redwood City).

Main and Broadway, troop 145 (Redwood City).

Reid, as last minute orders, issued a request that all scouts wear their uniforms or bring scout membership cards. All units will march with their colors.

S. M. Bridge Profits For Past Year Nil

Dividends were nil for 1936, the annual report of the San Mateo-Haywards bridge company, disclosed.

The report filed with the county board of supervisors, revealed that repairs and upkeep for the year totaled $37,980.33. Revenues for the year were $458,264.85. The firm still has outstanding bonds totaling $6,303,000.

Visiting Marks Bank Opening

Following an opening day Saturday when cigars, flowers and congratulations played a more important role than bank accounts and other financial matters, the California-Broadway temporary branch of the Bank of America settled down to everyday business Monday.

In charge was Manager J. A. Buhler, with Al Oneto as pro tem assistant cashier.

Officials of the local Bank of America, at Jefferson and Broadway, and heads of other peninsula branches of the concern were among the visitors who paid their respects to the new branch.

Among officials of the San Francisco office of the bank who attended the opening were Alfred S. Kay, vice president, and M. A. Blackburn, assistant personnel director.

The new branch will occupy its present site 2607 Broadway during rebuilding of the Safeway store building next door and on the corner, after which the bank will be established in its permanent quarters.

POLICE FORCE 'INADEQUATE' AT DALY CITY

Civic Leaders Demand Council Employ More Officers

DALY CITY, Jan. 28—Deploring the lack of "adequate traffic regulation in Daly City because of an insufficient number of officers," W. E. Pitschke, Daly City publisher and civic leader, Monday night demanded that the council add more men to the police force.

With no one appointed to replace Jack Doyle, former police chief who was killed by a hit-runner on Mission street here December 19, the city police force now numbers only nine men, he pointed out.

Of these nine men, three are confined to desk work in staggared shifts, leaving six to patrol the streets in three over-lapping shifts. At no time, however, are here more than three or four officers to handle the entire city, he added.

Daly City uses two police radio cars and has a new motorcycle for a "mounted officer" which the staff does not include. All officers must be on call in cases of emergency.

The former motorcycle officer was killed last July 4 at which time the motorcycle was destroyed. His post and the vacancy left by Doyle have not been filled.

Although the council took no official action in the matter, Mayor Paul G. Selmi explained that the council "was handicapped" by lack of provisions in the city budget to pay for officers. It will probably be late in June before more men are added to the force.

FIRE HITS COAST RANCH

HALF MOON BAY, Jan. 29—Fire causing $3000 damage struck the Louis Furtado ranch here Monday noon. The flames destroyed a large barn, a threshing machine and truck and claimed the life of a cow. None of the property was covered by insurance.

POWER RATE REDUCTIONS APPROVED

Railroad Commission Gives O. K.; Change Effective Feb. 1

Approval of the new rate schedules of the Pacific Gas and Electric Co., which serves Redwood City and vicinity, was announced Tuesday by the State Railroad Commission. The cuts, which will become effective February 1, will result in consumer's savings of an estimated $3,000,000, officials estimated.

Under the new schedules, home service of electricity for the first 35 kilowatt hours will be at the rate of 3.8 cents per kilowatt hour instead of 4 cents, the present rate.

If the customer uses more than 35 kilowatt hours per month, his rate will be 2.4 cents per kilowatt hour up to 200 kilowatt hours. For use in excess of 200 kilowatt hours the rate drops to 1.2 cents, as compared to the present rate of 1.5 cents.

INVESTIGATION CONTINUES

Thus if a customer uses 40 kilowatt hours of electricity, he will pay $1.95 instead of $2.10 as at present. Use of 60 kilowatt hours will bring a charge of $2.43, as compared with $2.60 as at present. Use of 100 kilowatt hours will cost $3.39 instead of $3.60; 250 kilowatt hours will cost $6.39 instead of $7.25.

The commission, however, also determined to continue its informal investigation of the utility along with studies into the operations of four other telephone, gas and electric companies, which have been underway for several months. Formal announcement of the investigations were made last week by resident Wallace L. Ware of the commission.

MUNICIPAL PLANT RATES EFFECTIVE TODAY

PALO ALTO, Jan. 29—Lower electric rate schedules became effective in Palo Alto Tuesday. Both domestic and commercial users benefitted.

Material reductions were made by the municipal plant in spite of the failure of the Pacific Gas and Electric Co. to lower wholesale costs on its P-6 schedule.

The total saving to local users will amount to about $28,000 a year, the equivalent of 20 cents on the tax rate, according to L. Harold Andersen, director of utilities.

LARGE REDUCTIONS

It is figured that the domestic schedule will mean an average saving of 23¾ per cent to those formerly on the domestic lighting rate. Persons until today served by the domestic combination setup will receive a 7½ per cent cut, while consumers on the old heating and cooking schedule will enjoy a cut of 38 per cent.

Commercial users are promised a reduction of 12 per cent.

Little Damage Caused By 2 Morning Fires

Two alarms sent firemen out into the cold twice within an hour Monday, but little damage was reported.

The first blaze occurred at 11 o'clock in a home on the corner of Elm and Main, when a curtain in the front room caught fire. It had been put out when the force arived.

The second blaze shortly before noon sent trucks and equipment out to El Camino Real on the city limits, where a tar pot being used to roof a garage opposite Charter street went up in flames.

Harbor Lines Get Army O.K.

SOUTH SAN FRANCISCO, Jan. 29—Establishment of bulkhead lines in the San Francisco bay at the point desired by South San Francisco interests stood approved today by the war department and may lead to early developments of the South San Francisco harbor at a cost of one to two million dollars.

Purpose of the harbor lines is believed to be to open the way to an extensive project contemplated in earlier years and deferred because of economic conditions. The start of the harbor development at Redwood City is believed to have given new stimulus to the South San Francisco project.

The bulkhead line, which is the line in San Francisco bay to which large fills may be made, will extend between the north and south limits of South San Francisco. Opposition to their extension beyond the South San Francisco limits was voiced by San Mateo county officials because of the uncertainty of future needs.

Telephone Book Deadline Near, Brown Reports

People who want their names in the next issue of the telephone directory still have a short time in which to make arrangements before the new edition goes to press, according to L. C. Brown, local manager of the Pacific Telephone and Telegraph Company.

Revisions of existing listings will be included in the new directory, if received at the business office on or before January 29, and also listings of telephones installed by that date, Brown said.

The new book is scheduled for delivery to telephone subscribers during the week of February 22.

Fainting Spells Bring 2 Persons To R.C. Hospital

Two persons have recovered following fainting spells that necessitated treatment at the Mason Emergency Hospital here.

The first, Mrs. Oliver B. Small, mother of Mrs. G. L. Burns, Bridgland apartments, 29 Clinton street, suffered a fainting spell late Saturday in the Sprouse Reitz store on Broadway. She was taken to the hospital in the Layng & Tinney ambulance.

Just a few moments after he had been released, Robert Segesser, 75, Lagunda Honda home, fainted on the railroad tracks at Sixth avenue. Seen lying on the rails, he was pulled to safety by passersby, who called the ambulance. Segesser had a cut eye and bruises.

BELMONT MAN TO WED

Notice of intention to wed was filed over the week-end in San Francisco by Mario Arata, 40, of Belmont, and Pitt Luchess, 39, of San Francisco.

Fishing Boat Is Salvaged

Successfully raised from the floor of Princeton harbor and towed to San Francisco by salvage boats, the "Mary M.," 75-foot purse seiner which sank late Friday after a dramatic five-mile race, was undergoing repairs today that will soon have her ready for sea service again.

The boat was raised and placed in tow by the Crowley Co. of San Francisco. The boat is owned by Bucking and Himen of Alaska, and was operated by the A. Paladini Fish Co. of San Francisco and Monterey.

The ship was en route to Monterey when it sprang a leak, and gradually filled with water as the crew strove to beach the craft. The boat finally sank just 200 yards from the beach, with the crew being taken off in small boats.

Stack Reports Tax Delinquency Drop in County

Tax delinquencies showed a substantial decline in San Mateo county for the first installment, Controller Edward Stack announced Tuesday.

Last year all but 7.7 per cent of the taxes were collected while for the first installment of the 1936-37 fiscal year the delinquencies dropped to 6.1 per cent.

Total taxes charged for this year were $1,769,796.12 of which $1,027,696.64 was collected during the first installment period. The taxes charged for the first installment totalled $913,949.48 with $858,166.82 of this amount collected.

An increase was noted in the number of persons paying both the first and second installments in December of this year, Stack said, citing figures showing that 19.8 per cent paid both installments as compared to 17.1 per cent who made the double payment for the 1935-36 fiscal year.

Amelia Klumpp Rites Held in Redwood City

Funeral services were held Tuesday at the Layng and Tinney Funeral Home here for Mrs. Amelia R. Klumpp, widow of the late Rudolph Klumpp, who passed away over the week-end at a Palo Alto hospital.

She had lived for 30 years at 224 Alameda de las Pulgas, Menlo Heights.

She is survived by a sister, Mrs. Nellie Andrew of Alameda; and by two brothers, George P. Schaefer of 216 Alameda de las Pulgas in Menlo Heights and Charles B. Schaefer of El Cerrito, Contra Costa county. Another sister, Julia P. Schaefer passed away Friday in Alameda and her funeral was likewise held today in the East Bay.

In recent years, China has promoted growth of millions of trees in an effort to control flood waters.

ADVERTISING MAN, WHEELER SEEKING POST

Manager Applicants Include Man Quizzed By Grand Jury

Jack Wheeler of Brisbane, accused by the grand jury a year ago of misconduct while holding the office of school trustee, and H. Walton Heegstra, former advertising firm executive and well known coastside resident, added their names Monday to the growing list of candidates for the office of San Mateo County Executive.

Heegstra, a resident of Sharp Park since 1933, is an active member of the Coastside Civic Union and the Western San Mateo Progressive Association. He has also taken an active part in drives for Coastside development projects.

The candidate said in his application that he was formerly active in community building in Florida, Michigan and Indiana, with retainer fees as high as $3,000 per month. He has also been connected with outstanding retail and advertising firms.

Wheeler in his application said he has been active in civic affairs and pointed out the $40,000 Brisbane school was built while he was chairman of the Visitacion school board. He is a member of the Cleaners and Dyer's Union, the application said.

Wheeler was recalled as the trustee who resigned while under fire last year, automatically halting charges that had been lodged against him as a result of accusations by the grand jury of misconduct in office.

Headon Wreck Brings Death To S .F. Driver

Army Officer's Wife, Prominent in S. M., Seriously Hurt

COLMA, Jan. 29—A head on collision here Monday night claimed the life of a San Francisco man and seriously injured a San Mateo socialite.

Succumbing Tuesday at Junpero Serra Hospital from internal injuries was Harry White, 24. His chest was crushed in the crash which occurred on Junipero Serra boulevard only a short distance from the hospital.

Injured was Mrs. John Carlyle Fairfax, 58, 411 Fairfax avenue, San Mateo. She was treated for a fractured right leg and painful cuts and bruises and was then transferred to a San Francisco hospital.

Mrs. Fairfax is the wife of Colonel Fairfax, a retired lieutenant colonel of the United States Army. She is an active member of the Hillsborough Circle of St. Paul's Episcopal Church.

State Patrolman William Riley, who investigated the accident, said that the headon crash took place between 90th and 91st streets. No charges were made as a result of the mishap. Mrs. Fairfax and White were alone in their respective cars.

With the death of White, six lives have been claimed this year on the highways of San Mateo county.

SCHATH RELATIVES INJURED IN CRASH

Death was miraculously escaped early today by the Henry Schath family of Kings Mountain, relatives of Victor Schath, well known Redwood City sportsman, when their car plunged over a 150-foot precipice on Skyline boulevard, near Crystal Springs Lake.

Schath received a deep gash over the eye and several broken ribs. His wife, Elma, 43, sustained a fractured breast bone and their daughter, Barbara, 16, was unhurt.

BOY SHOT WITH BB

SAN MATEO, Jan. 29 — Paul Sickinger, 11-year-old San Mateo youth, was undergoing treatment today for a painful eye injury he suffered over the week-end when he was shot by a BB pellet. With him at the time of the accident were Jack Medar and Stewart Smith, both of Burlingame.

SAFETY GROUP NAMED; TWO R. C. MEN TO SERVE

Charles Lambert, Maj. H. W. Edmonds Chosen On County-Wide Traffic Organization

Nine representative San Mateo county residents have been named by District Attorney Gilbert D. Ferrell to formulate plans for a county-wide safety organization in an effort to reduce the alarming toll of highway fatalities.

The committee will meet this afternoon at the courthouse with Ferrell. They will name their own chairman and then be instructed to determine the plan of procedure for dealing with the traffic situation.

When their report is completed, another safety meeting will be called by Ferrell, similar to the meeting held two weeks ago at the courthouse.

Representative residents of all districts of the county were sought by Ferrell in naming the committee. The greatest difficulty, he said, was in keeping the committee to nine members.

Members of the group are Charles G. Lambert, former mayor of Redwood City; Major H. W. Edmonds, commander of the Redwood City Post of the American Legion; Mrs. Robert L. McWilliams, Hillsborough club woman; Samuel D. Merk, former Burlingame newspaper publisher and member of the safety committee of the Rotary club; Thomas L. Hickey of South San Francisco, former county supervisor and active leader of the traffic safety movement; Martin A. Poss, San Mateo, manager of the San Mateo County Products and Floral Fiesta; Mrs. William J. Hayes, Burlingame club leader and member of the national advisory board of the Parent-Teacher Association; H. W. Regan, Burlingame real estate man and contractor, and Col. Felix B. LaCrosse, retired Half Moon Bay resident and Coastside civic leader.

Clark Linked With Slayings

That Chester William Clark, bandit who fought a running gun battle with Chief of Police Edward Wheeler of San Carlos last summer is the bank robber who killed two police officers in a Puyallup holdup in 1935 is the belief today of Washington and San Jose authorities.

Puyallup officers have communicated with Sheriff George Lyle of San Jose for any evidence which might link Clark with the double bank killing.

Sheriff Lyle was reported to have given confirmation to the suspicions of the northern authorities by forwarding reports from his ballistic expects that bullets from a revolver found in Clark's possession last October checked exactly with bullets removed from the bodies of the slain officers.

Clark is now in Folsom serving a term for the holdup of the Los Altos bank in Santa Clara county. A few weeks after the Los Altos holdup Clark was spotted acting suspiciously in San Carlos. Clark commandeered an automobile being driven by Hiram Cook, editor of the San Carlos paper, and escaped in a hail of gunfire. Cook later jumped from the car while it was in motion.

Clark was later captured in San Francisco.

Hit-Runner Gets 20 Days in Jail, 2-Year Probation

Guy McGowan, Redwood City plasterer who pleaded guilty to hit-run charges, today had been ordered by Superior Judge A. R. Cotton to spend 20 days in the county jail. He was also placed on probation for two years.

McGowan gave himself up to the district attorney several days after the New Year's Eve auto accident that resulted in the death of Frank R. Joseph, Burlingame gardener.

"Roosevelt" is the name chosen for a cub born at a lion farm at Fort Lauderdale.

'City Points Way to Goal'

That Palo Alto's safety crusade through rigid and unrelenting enforcement of ALL traffic regulations points the way toward the goal of lessening traffic accidents was the view expressed here recently in a press release from the California Safety Council.

"Unrelenting enforcement of all traffic regulations in the interest of public safety does get results," the council pointed out.

"Palo Alto, through a high degree of co-operation of public, civic and citizen agencies, all of whom are co-ordinating their several efforts toward the goal of lessening traffic accidents, points the way.

NOTEWORTHY ACHIEVEMENT

"Palo Alto's 1936 achievement of a decreasing accident ratio in the face of an increasing population and a heavier traffic flow over 1935 is a noteworthy-safety achievement.

"The Palo Alto Municipal Bulletin reports only four cases of serious injury resulting from traffic crashes in 1936 as against 15 serious accidents in 1935. But one traffic fatality was recorded in 1936. No "tag-fixing" is permitted. Penalties increase after the first citation.

"Commenting upon the accident situation, the council writes:

SOUND POLICY

"This is a record of which Palo Alto may be proud, and which it may look upon not as a matter of chance, nor of good luck, but as the logical effect of a sound policy, carried out with determination.

"In connection with this subject, attention is invited to the following editorial from the San Francisco Chronicle of December 21:

"'Some people dislike Palo Alto because the police of that town are particular about observance of the traffic rules. Nevertheless, Palo Alto won the last award given by the California Safety Council to the town that made the most progress during the year in reducing traffic hazards and in cutting down the accident toll.

"'Perhaps being particular about the traffic laws is a good thing for the people who use the streets and highways. What town, by being particular and careful will win the next award of the California Safety Council?'

"It is the people who 'dislike—observance of the traffic rules' who are, directly or indirectly, responsible for such records as Los Angeles county's thousand deaths from traffic accidents in 1936, the worst record in the United States."

SEEK BIG DAMAGES

Jefferson Water Monday started suit in superior court at Redwood City for $50,400 damages, outcome of an accident on Bayshore highway at Third avenue, San Mateo, last summer. Defendants in the suit are Hope Kimball and Suzanne V. Bolles.

PLANS FOR PORT FACILITIES MADE AS MARITIME STRIKE STILL DELAYS CONSTRUCTION

While actual building on Redwood City's harbor project continued at a standstill today due to the maritime strike, plans were moving along other fronts, Acting City Manager C. L. Dimmitt reported.

With nine test piles driven during the initial days of work two weeks ago, the Healy-Tibbetts Construction Company is awaiting the shipment of 530 90-foot piles from lumber mills in the Northwest before it reopens work.

Should the shipping situation remain deadlocked, the lumber may be sent down by rail, although the cost would be substantially increased.

"However, we still expect to be finished by July," Dimmitt said.

Dimmitt said the city was going right ahead with drawing up a contract providing for construction of a water main from the city limits to the harbor site, plumbing and lighting of the transit shed, building of offices and utility rooms in the shed itself, installation of a sprinkler system for fire protection, paving the area adjacent to the wharf, and laying out a road to the property.

The contract, including these features, will be submitted to the PWA February 8, Dimmitt stated.

A further problem was solved this morning when Dimmitt received word from Washington that the PWA would allow the port dredging to come within the general dredging contract under the war department. The PWA waiver means a possible saving up to $5,000, Dimmitt said.

Accidents Missing On County Highways

One of the quietest week-ends in several months was experienced by the highway patrol of San Mateo county with only two minor accidents being recorded, Captain Paul Perussina reported Monday. Injuries were escaped by occupants of cars in both crashes.

However, patrolmen arrested two alleged reckless drivers and took into custody one man on a drunken driving charge.

The offenders for reckless driving included: Milton Rengshoff, 20, San Francisco; Loyal Liller, 31, San Francisco. Wesley George, 54, San Francisco was charged with drunken driving following a wreck on Bayshore highway last night near Brisbane. He was released upon $100 bail.

This year's peanut acreage in North Carolina is largest in history.

ANNEXATION VOTE PLANS COMPLETED

Central School to Be Polling Place for R. C. Residents

Plans were completed today for the election here Tuesday on the proposal to consolidate Sequoia high school district with the San Mateo Junior College.

Polling places will be open from 10 a.m. to 7 p.m. All Redwood City residents will vote at the Central School on Broadway. The other polling places will include the Sequoia district schools outside Redwood City.

Reports were current in Redwood City today of increasing sentiment being expressed in favor of the proposed school merger. However, several groups are waging a powerful fight against the consolidation, contending the tax rate for the district would be greatly increased should Sequoia join with San Mateo.

Opposition to the merger, which will also be voted on in South San Francisco district, is expressed today in a letter by Winfield Scott of Atherton, appearing on page 4 in the Forum Column.

Burlingame Liquor Official Loses Suit

Unusual because the plaintiff got exactly the sum she requested in a damage suit, a judgment handed down here by Superior Judge A. R. Cotton gave Gertrude Kuhn a $1019 award from Charles I. Gallagher, Burlingame liquor control official.

The suit grew out of an accident October 7, 1935, when the woman was injured on Juniperro Serra boulevard. Gallagher defaulted. Usually in such automobile damage suits, huge sums are asked in anticipation of receiving only a part of them.

S. F. Rites Precede Cold Victim's Burial

DALY CITY, Jan. 28—Believed at first to be an itinerant because of the humble surroundings in which he was found suffering from exposure, Cornelius O'Reilly, 72, son of the late Judge Michael and Jane O'Reilly, was buried Saturday at Colma following funeral services in San Francisco. He is mourned by four sisters, Sister Mary Genevieve, Sister Mary Evangelist, and Mrs. F. Godding and Mrs. R. McHugh, and by two brothers, Frank and Robert J. O'Reilly.

ANDREINO FINED $200

MENLO PARK, Jan. 28—Ettore Andreino, tavern keeper, appeared before City Judge Edward J. Ryan of Menlo Park yesterday and paid a $200 fine for violating the state alcoholic beverage's act. Andreino was arrested last Wednesday.

PETITION GRANTED

Withdrawal of their petition for guardianship of the Boellaard sisters was granted to Mr. and Mrs. Victor Hugo of Redwood City here Monday by Superior Judge A. R. Cotton.

Elmer Rice Dies At S. M. Hospital Of Long Illness

Elmer Rice, a native of Iowa, aged 52 years, passed away Monday morning at the Mills Memorial Hospital after a lingering illness.

An automobile tool salesman, he leaves to mourn his wife, Mrs. Hazel Rice, of 928 Stambaugh street; three children, Mrs. Dorothy Marks, LaVern Rice and Robert Rice; one granddaughter, Beverly Marks; his mother, Mrs. J. W. Rice of Manteca; a brother, William Rice of San Jose, and two sisters, Mrs. Laura Kenze of San Jose and Mrs. Walter Bisher of Manteca.

Mr. Rice was a member of Redwood City Aerie, Fraternal Order of Eagles, and of both the first and second degree, Loyal Order of Moose.

Public Utility Control Granted Bayshore City

Control of its public utilities has been turned over finally to Bayshore City, terminating its suit against the Diamond Public Utilities District and the City of San Francisco.

A motion to strike was granted and the defendant's demurrer was overruled by Superior Judge A. R. Cotton Monday upon the agreement of City Attorney F. E. Hoffman of Bayshore and Ernest Wilson, attorney for the Diamond Public Utility District.

In signing the court order, Judge Cotton instructed that all records and documents of the district be transferred to the town board of Bayshore.

MENLO PARK NEWS NOTES

Joseph Veverka, the local station agent for the Southern Pacific Company, is quite ill with the "flu" in the company's hospital in San Francisco. Mr. Veverka has many friends in Menlo Park who hope he will soon be convalescent.

Mrs. Peter Bush, head of the local Red Cross branch, is busy collecting for the flood sufferers in the East. The allotment for this community is $500.

The funeral of Thomas Kearney, who died in San Francisco last Saturday, took place from the Church of the Nativity Tuesday morning and burial was in the family plot at Holy Cross Cemetery, Colma. Mr. Kearney was the father of Mrs. John Morey and twin brother of Patrick Kearney of Menlo Park. For many years he was the house detective for the St. Francis Hotel in San Francisco, where he had lived the greater portion of his life. His wife predeceased him many years ago. He often visited his daughter here.

Ex-Mayor Harry Weeden has been confined to his home for some time with a severe illness but is now able to be up. His son, Charles, and his wife are down with the "flu." They are recovering.

The Menlo Park police force is down with the "flu." Officer Tom Kearney has been in bed for some time. Frank Roach is the only member of the force remaining on duty. Outside help had to be recruited in the emergency.

When the Flood property is opened up for sale, the new streets about to be constructed are to be named after the old pioneers of Menlo Park.

The new wing to Corpus Christi Monastery is nearing completion and will be occupied shortly by the nuns, who are sorely in need of the new apartments.

The wedding of Miss Betty McCann, a well-known society girl of the peninsula and San Francisco, to George Lawrence Hall took place at Reno Monday evening, being performed by Monsignor Connors at the cathedral there. Only immediate relatives were present. The pretty bride grew to womanhood in Menlo Park and attended the Sacred Heart Convent and a school in Palo Alto. Her father, Mark McCann, owned the estate now in possession of Felix McGinnis, and Miss Betty in her 'teens entertained lavishly there. Mr. and Mrs. Hall will reside somewhere on the peninsula. Mr. Hall is a student at the Hastings Law College.

Mrs. Frances Maloney, city treasurer, who has been ill with the "flu," is recovering and is able to attend to her municipal duties.

Frail but red-headed and determined, Hutton Webster Jr., has climbed so far up the ladder of artistic success at 23 that he was awarded a $1,5000 Pulitzer prize which enabled him to study in Greece, Italy, France, Spain and England.

Today, at 27, the young Menlo Park artist is winning new recognition through his exhibition at the Stanford Art Gallery, an exhibition which includes many of the pictures painted abroad. It includes, too, scenes in the California he has come to love since his health made it necessary for him to leave New York. He has made his home here for three years with his parents, Dr. and Mrs. Hutton Webster.

Art has absorbed him since his childhood days, and has always been his major interest.

In his early twenties, he won the Halligan prize and a competitive fellowship to the Tiffany Foundation at Oyster Bay, Long Island. Then came the Pulitzer award and the year in European art centers.

This is his first California show. It includes 30 etchings and 15 oils, among them a self-portrait which reveals the strength and delicacy so strikingly manifest in his technic. His work is warmly praised by the art gallery director, Pedro J. deLemos, who points out particularly "the confident rendering of compositional placement."

No Discharges Will Be Made Without Cause

New County Executive To Get Full Control Of Departments

Definitely spiking rumblings of a wholesale housecleaning of county offices under the new administration, the San Mateo County Board of Supervisors declared unanimously Monday that no employes will be discharged except for cause and that the soon to be named county executive would be given full control of the offices coming under his jurisdiction.

This assurance was offered by Chairman of the Board Hugh H. Smith, who said the objective of the charter—to put business men instead of politicians in office—would be carried out to the letter

The naming of department heads will be left to the executive heads, and the head of each department will be in charge of selecting his own staff, Smith assured.

Smith was upheld by all the supervisors. They said numerous requests were being received daily for jobs from persons believing there would be openings in numerous offices.

"There is no wholesale slaughter coming up," said Smith, "and county employes let out will lose their jobs only on account of inefficiency."

"I endorse 100 per cent the words of Chairman Smith," said Supervisor James S. James.

"The chairman has made a timely statement," said Supervisor Fred E. Beer.

"I believe this statement of policy will relieve a feeling of insecurity in numerous county offices," said Smith. "We desire to fully follow the charter, concerning appointments, which was not 100 per cent carried out during the last four years," he said.

Smith expressed belief that each department head should be on his own. It is their duty to hire good dependable workers and by not doing so they may lose their jobs, he said.

The prospects of getting a $200,000 instead of $100,000 county office building loomed as the board of supervisors passed a resolution requesting for an additional $45,000 PWA grant on the pledge of appropriating an additional $50,000 toward the building fund in the 1937-38 budget. The additional money will make possible a better building and at the same time take care of the furnishing of the building, supervisors said.

Enraged residents of Palo Alto Park appeared before the board and scored County Engineer Urban S. Marshall for alleged broken promises of repairing roads in their districts. They said that since James was out of office, there have been few, if any, improvements made to the streets. B. N. Hill, representing the residents of the district, urged that action be taken by the supervisors to see that "officials fulfill promises."

Supervisor John W. Poole told the board he had inspected the street work with Marshall and had received the promise of the engineer that the improvement work would start this week, as soon as a steam shovel, now being used on the Chinese cemetery road, was available.

The board went on record as endorsing and urging public support of the San Mateo county President's Birthday Ball to be held tomorrow night at Tanforan. The action was taken upon receipt of a communication from Postmaster Joseph V. Gaffey of Burlingame, reminding that 70 per cent of the proceeds of the dance will go toward aiding infantile paralysis in San Mateo county.

Permission was granted to the railroad commission for the use of the supervisors' chambers February 3, for hearing on charges against T. J. Henderson, who operates the Redwood City-Emerald Lake bus line.

Henderson has been ordered to attend and show cause why he should not be ordered to cease operating the bus line. Commissioner Ray Wakefield will preside at the hearing.

Supervisor Beer urged that the county have a representative at the meeting, pointing out that the bus line should be maintained for the benefit of the Emerald Lake residents.

Hetch Hetchy Main South Wins Funds

S. F. Board Allocates $260,000; Work To Start Soon

Allocation of $260,000 to underwrite the 36-inch water main for distribution of Hetch Hetchy water from Redwood City to Mayfield was ordered by the San Francisco Board of Supervisors Monday.

Final approval of the grant is anticipated within three weeks. And the installation of the pipe will begin before March 1, officials in the water department are confident.

Engineers estimate that San Francisco will bear only $63,000 of the cost, while a substantial portion is provided through the WPA and the remainder is divided among the cities benefiting from the water main.

Increased water sales to Palo Alto, Woodside, Atherton, Menlo Park, and possibly Stanford University are expected to yield San Francisco $80,000 yearly.

The main as proposed will intercept the 60-inch Hetch Hetchy line at the vaive house on El Camino Real near Redwood City, and would parallel that highway to Mayfield.

Sidetaps will be taken off at Atherton, Menlo Park and University and California avenues in Palo Alto.

$10,000 Damages Asked By M. P. Man

Gordon Brown of Menlo Park has started suit here in superior court at Redwood City for $10,920 damages, outcome of an auto accident on Bayshore highway at Third avenue, San Mateo.

Defendants in the action are Louis Zietman of Redwood City and M. Boretsky. Brown alleges he sustained injuries of a permanent nature in the accident which took place September 21, 1936.

Still Coughing?

No matter how many medicines you have tried for your cough, chest cold or bronchial irritation, you can get relief now with Creomulsion. Serious trouble may be brewing and you cannot afford to take a chance with anything less than Creomulsion, which goes right to the seat of the trouble to aid nature to soothe and heal the inflamed membranes as the germ-laden phlegm is loosened and expelled.

Even if other remedies have failed, don't be discouraged, your druggist is authorized to guarantee Creomulsion and to refund your money if you are not satisfied with results from the very first bottle. Get Creomulsion right now. (Adv.)
